
September 19-21, 2017
Qingdao, China
Dear Friends and Colleagues,

On behalf of the organizing committee, we welcome you to attend BIT’s 4th Annual Global Congress of Knowledge Economy-2017, which will be held during September 19-21, 2017 in Qingdao, China.

With 3 years’ persistent efforts, the GCKE congress has successfully attracted more than 1,000 world renowned speakers and participants from more than 40 countries and areas around the world as a leading international event for economy community. The GCKE is an opportunity to interact with leading players in the field, and to engage with the processes that grown the creative sector in China. GCKE-2017 will cover the economic, financial, education, science and technology, innovation of emerging industries, and such as the hot topics. We would like to provide the participants a high standard, high level, specialization, and internationalization event.

In addition to the amazing conference, you will benefit from the wonderful experience in Qingdao, China. Qingdao (Tsingtao) is a city of picturesque red-tiled roofs nestled between green hills and blue sea. The mild climate, the bathing beach, and Mount Laoshan make Qingdao a popular health and holiday resort, particularly in summer when visitors come here in droves for sightseeing and escaping the heat.

If you have been to prior meetings, we warmly welcome your return as our regular friends. If this is your first meeting, we also welcome you to our "family" gathering.

We look forward to seeing you in Qingdao!

Sincerely Yours,

Dr. Xiaodan Mei

Qingdao, located in the southeast part of Shandong Province, is a beautiful seaside city with clear air and enchanting sea view. This city, bordered by the Yellow Sea on two sides, has the largest bathing beach in Asia and produces the mellow Tsingtao Beer. To the east of the city, a short distance across the Yellow Sea, lie Korea and Japan, making the city an important port for international trade.

Surrounded by the sea on three sides, the city attracts many visitors with its charming seascape. Sights like the Eight Passes Villas, Wusi Square, he Zhan Bridge, Mt. Laoshan, No.1 Bathing Beach, Badaguan Scenic Area will help you remember the city. Other major attractions like Xinhao (Signal) Hill Park, Catholic Church (St. Emil Church), Golden Sand Beach, Small Qingdao Island, Lu Xun Park, and Underwater World are also worth a visit. Just walking on the sand and listening to the surf breaking on the beach becomes enjoyable.
During November 10-12, 2016, BIT's 3rd Annual Global Congress of Knowledge Economy-2016 (GCKE-2016), with the theme of “Innovation, Green and Sharing”, was successfully held in Shangri-La Hotel, Qingdao, China. Many keynote speakers and a lot of renowned speakers from many countries attended this conference.

As the keynote speakers, Dr. Daniel Shechtman Professor, Israeli Institute for Technology, Israel; Nobel Prize Laureate in Chemistry, 2011; Dr. Gideon Maas, Director, International Centre for Transformational Entrepreneurship (ICTE), Coventry University, UK; Dr. Stefano Micossi, Director General, Assonime, Italy; Dr. Peter Mooslechner, Executive Director and Member of the Governing Board, Oesterreichische Nationalbank, Vienna, Austria; Dr. Lihui Tian, Acting Dean, Institute of Finance & Development, Nankai University, China; Dr. Joel Cherry, President, Research & Development, Amyris, USA gave their wonderful speeches at keynote forum and are warmly received.

There are 4 sessions of the conference following the keynote forum. Nearly 200 world-renowned experts, professors, laboratory principals, project leaders and representatives of well-known enterprises attended the GCKE-2016, together with other 3 parallel congresses, over 300 outstanding international scientists in related field attended the conference and showed their latest progress.
The conference was a great scientific festival with wonderful opportunities to learn about the Economy. Meanwhile, it has promoted the communication of colleagues and collaboration of partners in this field. After the conference many participants expressed their satisfaction with the content of the congress and had fine memories of Qingdao. Depending on the warmly support and good suggestions from all of the participants, we are quite confident in organizing GCKE-2017 which would be better and more successful than GCKE-2016. All of us are looking forward to meeting you again in 2017.
Introduction to GCKE-2017

GCKE-2017 is a dedicated conference where you will have the opportunity to learn about new developments in the field of economy and technology of emerging industries and share aspects of your own work by submitting oral presentation, poster or paper. We are proposing the excellent and unique scientific program, with the communication of outstanding international experts, we hope productive discussions would stimulate creative ideas to translate new discoveries into better practice and application.

Also, GCKE-2017 will include diversified workshops, poster sessions, matchmaking activities, award ceremony, university seminars, industrial park field trips and post-conference tech tour etc. We expand with newly designed magnificent scientific and social programs continuously to maximize your network and partner hunting in a free communication meeting environment.

**Poster Abstracts**
There will be an exhibition of posters at the conference and the abstracts of accepted posters will be published in the conference program. You will be notified if your abstract has been accepted for poster presentation as soon as it has been reviewed by the organizing committee. All accepted posters will be presented during the Poster Viewing Session. Posters will be reviewed for oral presentation 4-6 weeks prior to the conference. Oral presenters will be notified by email or telephone at least 3 weeks before the conference. The selected presenters will be posted on the agenda.

Materials to hang your poster will be available at the poster area. The set-up time is TBA. You will receive your poster number 4-6 weeks prior to the conference. Your presence is recommended during lunches and coffee breaks for discussion with those who are interested in your research.

*Regular poster size is 70 cm (wide) by 90 cm (high)*

**Speakers**
GCKE-2017, as one of BIT’s major congresses, providing an extremely wide professional themes about advances in economy and technology of emerging industries, will be essentially an annual gathering for leading scientists and economists from the academia and industry worldwide to discuss current issues and innovations in the field of economy and related disciplines, as well as build strong network among us. Outstanding keynote speakers and well known experts from around the globe will be expected to share their knowledge in this comprehensive economy congress.
Now We Are Calling For

Co-organizers
The SAB is tasked with providing advice on the matter of science and technology to the conference, guiding its program and providing overall strategic vision, and focusing on strengthening the interface between science, policy and society in areas relevant to emerging industries. On behalf of organizing committee, we sincerely invite you to join in the Scientific Advisory Board of BIT’s 4th Annual Global Congress of Knowledge Economy-2017 as one of the SAB Member.

Exhibition
A supporting exhibition will be held in conjunction with the conference enabling companies to exhibit their products and service in front of a professional audience.

Sponsors
Sponsorship programs are uniquely designed to meet your business development goals. Through sponsorships, you can demonstrate your expertise to top decision makers representing Aquaculture & Fisheries companies, academic research institutions, national labs, and research organizations. Sponsors can optimize the exposure of their company through direct access to top tier delegates.

Media Partners
GCKE-2017 invites accredited media organizations working on scientific news to apply for a complimentary press pass. To qualify for press credentials, you are required to be affiliated with an internationally, nationally or regionally recognized media outlet, and hold editorial title and/or position as an industry analyst.
Looking forward to seeing you at Qingdao in September, 2017!
