BIT's 8th Annual World Congress of Industrial Biotechnology-2015

Theme: Inovative Biotechnology for Green Bio-economy

Time: April 25-28, 2015

Place: Nanjing, China

8th Annual world congress of Industrial Biotechnology-2015

Time: April 25-28, 2015 Place: Nanjing, China

Welcome to **China**

Calling for

Speakers, Attendees, Exhibitors, posters, Sponsors, Media Partners, Cooperation

Highlights:

- keynote forum presentations and discussed heatedly with the audiences make this year's most influential genetic event
- 300+ Oral Presentations from Academic, Industrial Leaders, Business and Financial Executives
- 50+ posters and 30+ exhibitions, show the latest cutting-edge scientific research and emerging technologies
- Social Events, include Culture Activities, Cocktail Social Networking, City Tour, and Project Matchmaking Fair make you an unforgettable memory in china.

Induction to ibio-2015:

The 8th Annual World Congress of Industrial Biotechnology-2015 (ibio-2015) is designed to provide a strong platform for Academic, Industrial Leaders, Business and Financial Executives to make experience exchanges around the world. It is devoted to

8th Annual world congress of Industrial Biotechnology-2015

Time: April 25-28, 2015 Place: Nanjing, China

spread the latest scientific research instrument, method and emerging technologies nowadays.

In the past 7 years, Industrial Biotechnology has been one of most professional meeting in the global industry. In the 8th Annual world congress of Industrial Biotechnology-2015(ibio-2015), we will set a series activities such as Scientific Programs, exhibitions, posters, project docking, investment promotion meeting, etc. We hope this most influential meeting during the past 7 years will leave you a deep impression. And you could find what you need and get the best cooperation opportunity here.

Nanjing

Selected as the conference place, Nanjing has a long history and profound cultural heritage, full sense of humanism, she was the capital of Six Dynasties in China. The famous Confucius Temple (Fuzimiao) is not only a memorial place for the Great Sage in China but has a surrounding area bustling with shops, restaurants and a snack street housed in traditional Chinese architectural buildings.

Academic Program:

Stream 1: Bioenergy Department

Stream 2: Pharmaceutical and Medical Biotech

Stream 3: Innovative Biomaterials

Stream 4: Agriculture and Plant Biotechnology

Stream 5: Environmental Biotechnology

Stream 6: Food Biotechnology

Stream 7: Synthetic Biology (Synbio) toward Innovative Bioprocessing Technologies

Stream 8: Pharmaceutical Ingredients, Cosmetic and Health Care Products

2nd Annual Symposium of Industrial Microbiology (ISIM-2015)

8th Annual world congress of Industrial Biotechnology-2015

Time: April 25-28, 2015 Place: Nanjing, China

★ Welcome Message

Dear Friends and Colleagues,

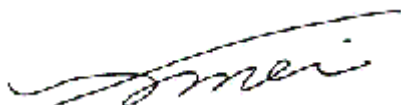

On behalf of the organizing committee, it is a great honor to welcome you to the 8th World Congress of Industrial Biotechnology, which will be held in April 25-28, 2015, in Nanjing, China.

Ibio-2015 is a custom designed Industrial Biotechnology conference focused on a wide range of essential themes from fundamental science to industrial commercialization. The mission of ibio-2015 is to be a platform for exchanging of latest R&D achievements, communication between industrial and academic professionals in the Asia Pacific Region. Ibio-2015 started as a showcase with such a great vision and through the years, which has grown into a reknowned international forum for presenting cutting-edge industrial biotechnology. Thanks to the support and encouragement from past participants, the Congress of ibio has continuous and substantially growth since 2008. As one of the fastest developing industry sectors, Industrial biotechnology is generating a huge impact on development of biotech in China.

The program of ibio-2015 is designed to let scientists and business executives from the different fields of biotechnology to present their latest work. It covers the recent updates on the new products and technologies for green economy. Thus I cordially welcome you to join us and witness the advances in this field together.

Finally, I would like to express my appreciation to the participants of this conference, hope you can enjoy the conference and have a pleasant stay in China.

Sincerely Yours,

Xiaodan Mei, Ph.D.

Executive Chair of ibio-2015

President, BIT Congress Inc.
